Living in a Memory

Luminate

How many years will it take
To make my past go away
I've heard You say I can change
But I feel the same
It's so hard to face this,
I've got to let it go
I've made a million mistakes
My hearts been broken and used
I knew You could heal this heartache,
but I was a fool
It's so hard to say this,
but I know it's true
I know it's true

I'm not wasting time,
living in a memory
I'm not wasting life,
waiting for a chance to breathe
We can jump, take a dive, and do this
We gotta love and learn how to forgive
I'm not wasting time, living in a memory //

No, I can never forget
The day You called out my name
I was a slave to regret
So You broke the chains
Now I'm free to leave my bitterness behind
I'll leave it all behind //

I've made a million mistakes
My hearts been broken and used
But, Your love sets my heart on fire
