Feel

Jason Rubero

You probably think I'm crazy
But I must admit that I'm intrigued
I'm much too tired for sleeping
But I'm awake enough to dream

And it seems
I'm always called back to Double Pure

And we don't want to think
We don't want to feel
Believe all we touch is all that's real
Don't want to need
Don't want to be free
Think our backs will break if we bend our knee
We just want to laugh
Must damn up the tears
Turn decades to days and months into years

It isn't faith that makes me nervous
It's religion engineered by man
Folding God like origami until He fits so neatly in our hands

And we don't want to think
We don't want to feel
Believing all we touch is all that's real
We don't want to need
Don't want to be free
Think our backs will break if we bend our knee
We just want to laugh
Must damn up the tears
Turn decades to days and months into years
If I want to think
If I want to feel
Would you call me fake
Could I still be real?
Not afraid to love
Not afraid to cry
I'm not afraid to sing and what if I
Was caring?
And sharing?

And love?
