Cthulhu

Iced Earth

We see the air is thick
between the ocean and the forest mist
Our minds are drawn to hates eternal storm
The being screams it's name is howls for more
This spawning creature rises to our shoreDark soul of the elder gods
spawning evil from the oceans floor
Shape shifter fools all mankind
to manipulate this world
Mankind is hypnotized
We're standing paralyzedWe are minions in the master plan
evil falls into unconscious minds
Building armies for the chosen one
To dominate this world
Our future will be drowned
the dark one will be crowned
We are grains in the sands of time
His power gained through the passing tides
soon he'll rise draining life and air
Leaving man in despair
the scriptures on the wall
Hear the Cthulhu's callYou will see the visions peel away
shape shifting demon
casting spells upon the human race
Death phoenix rising
tainted by his vile heinous stare
Consciousness fading
we are misted by his salted air
Cursing our spiritAll behold as the Cthulhu rises
taking it's form from the ocean floor
His tentacles grasp embrace with power
were tantalized transfixed by evil
Spewing anger on the land below
We submit to the creatures form
Demi god reining with his power
Were twisted, broken and torn
the age has reached us now
the dark one has been crownedYou will see the visions peel away
shape shifting demon
casting spells upon the human race

Death phoenix rising
tainted by his vile heinous stare
Consciousness fading
we are misted by his salted air
Cursing our spirit
