

Payback

Red Sky Mary

1-2-3-4! Locked down, It gotcha, right where I want ya
You know I'm breaking through the door
Treason, is why this, court is now in session
I'm the judge and have the floor
Bad love, is what you're, what you're charged with so
Now I'm evening the score You can try to hide it, fake it and deny it
But baby stop you're cryin' cus you know (CHORUS)
You know that I will seize this moment
Vengeance is my name
You can't take it all back now baby
Payback is my game Ha! Jack knife, I ask you, how much for your life
Cus I'm taking to my lead
Sirens, are ringing, loud into the night
Are they ringing in your head?
Cold bitch, I don't need, need no pryin' snitch
You had another in my bed You can try to hide it, fake it and deny it
But baby stop you're cryin' cus you know (CHORUS) Oh, uh, I'm gonna tell ya
I'm gonna tell ya
You can't, you won't get away with it
1-2-3-4! Locked down, It gotcha, right where I want ya
You know I'm breaking through the door
Treason, is why this, court is now in session
I'm the judge and have the floor
Bad love, is what you're, what you're charged with so
Now I'm evening the score You can try to hide it, fake it and deny it
But baby stop you're cryin' cus you know (CHORUS X3) You know its payback
Uh and its my game
