

# Be a Man

Vanessa Williams

Be a man about it My heart is ringing like a telephone  
Pick it up and dial in the answer  
Oh, I'm sick and tied to be alone  
Let me know if love is 'bout your after Just be a man about it  
You don't have to worry I won't turn you down  
Just be a man about it  
Oh, don't complicate it and let me know you'll be around I took you from the number one  
Wait for set to be with me forever  
I don't bishy yet because that are ompeyend  
For you be in heaven so want you Be a man about it  
Oh, don't complicate it you don't have, leave me on  
Just be a man about it  
Just want show to love me right, you can't go wrong if you Just be a man about it  
You don't have to worry, I won't turn you down  
Just be a man about it  
Oh don't complicate it and let me know you'll be around Be a man We could really have a good thing  
But we don't know where it believed  
But real we've got to keep the communication flowin'  
But that's not all I need so want ya Be a man about it  
You don't have to worry, I won't turn you down  
Just be a man about it  
Oh, don't complicate it and let me know you'll be around Be a man just sile it  
Oh, don't complicate it, you don't have to leave me on  
Just be a man about it  
Just want show to love me right, you can't go wrong if you Just be a man, uh uh uh Be a man about it  
Stand up for me baby  
Be a man about it  
I won't turn you down We could really have a good thing  
But we don't where it believe  
But real we've got to keep the communication flowin'  
But that's not all I need so want ya
