

Shake Ya Ass

Richard Cheese

Shake ya ass
But watch ya self
Shake ya ass
Show me what you workin with Shake ya ass
But watch ya self
Shake ya ass
Show me what you workin with I came here with my dick in my hand
Don't make me leave here with my foot in yo ass
Be cool, and don't worry about how I'm rippin this shit
When im flippin when kickin, nigga this just what I do
I'm effervesecet and I'm off that crescent
Nastier than a full grown German Shepherd
Motherfucker keep steppin
They don't fuck with me and they don't
Yall bitches cant catch me and they won't
Tell ya self, fix ya hair, throw that pussy
I'm proud of my poo nanny, and a dollar for my booty
You think I'm trickin, bitch I ain't trippin
I'm buyin if you got nice curves for your icebergs
Drinkin Henn acting like it's gonna do somethin to me
Hope this indecent proposel make you do somethin with me
Fuck a dollar girl pick up fifty
And fuck that coward you need a real nigga
Off top a nigga bout hurtin shit
Bend over hoe show me what you workin with Shake ya ass
But watch ya self
Shake ya ass
Show me what you workin with Attention all yall players and pimps
Right now in the place to be
I thought I told yall niggas before
Yall niggas can't fuck with me
Now this ain't for no small booties
No sir cuz that won't pass
But if you feel you got the biggest one
Then momma come shake ya ass Shake ya ass
But watch ya self
Shake ya ass
Show me what you workin with Shake ya ass
But watch ya self

Shake ya ass
Show me what you workin with I come with that fire like Aiyaaa
Chocolate and bowlegged when I'm running up behind her
Go head get down pop lock at the cockhouse
For real tho girl don't lie you know you wanna go back to my house
Man right cher wanna get under that dress right there
Spicy cajun we gonna have us a good time right there
You better suck a head on them there crawfish
You gotta bend all the way over to dance off this
Handle yo business but I know you do it way better

When you pass by get yo fine ass on the floor girl

Do yo thang dont be scured, cause you gon get served
