

# Dominos

## Peter Bjorn and John

On the downtown train  
With my ball and Shane When the clock strikes eight  
A chain reaction  
I've been on the floor  
I've been shown the door  
That's what's next in store  
A chain reaction  
I couldn't be satisfied  
Cause they dragged out of my dream  
I sat for the stud light  
Need to carefully hide my spine (A chain reaction)  
We fall like dominos (A chain reaction)  
We fall like dominos (A chain reaction)  
You and me  
Everybody goes  
Like dominos (A chain reaction)  
I could snap, crack, pop  
Gonna rip it up  
When you hit the spot  
A chain reaction  
Wa-wa-watch him shake  
I could blue that red  
I could drop down dead  
A chain reaction I,  
I know what [?] like  
There's a diamond lost in my mind  
Up, up and away I go  
Need to carefully hide my spine (A chain reaction)  
We fall like dominos (A chain reaction)  
We fall like dominos (A chain reaction)  
You and me

Everybody goes I don't wanna think about the morning after I don't wanna stick around [?] I don't wanna move  
[?]

Everybody let's go (Like dominos)  
(Like dominos)  
(A chain reaction)  
We fall like dominos  
(A chain reaction)  
We fall like dominos

(A chain reaction)  
You and me  
Everybody goes  
We fall like dominos  
(A chain reaction)  
We fall like dominos  
(A chain reaction)  
We fall like dominos  
(A chain reaction)  
You and me  
Everybody goes  
(Like dominos)
