Don't Let Us Get Sick

Pat Guadagno

Don't let us get sick
Don't let us get old
Don't let us get stupid alright
Just make us be brave
And let us play nice
And let us be together tonight

The sky was on fire
When I walked to the mill
To take off the slack in my line
And I thought of my friends and the troubles they had
To make me forget about mine

Don't let us get sick
Don't let us get old
Don't let us get stupid alright
Just make us be brave
And let us play nice
And let us be together tonight

The moon has a face
And it shines on the lake
And it causes the ripples in time
I'm lucky to be here with people I like
Who cause my spirit to shine

Don't let us get sick
Don't let us get old
Don't let us get stupid alright
Just make us be brave
And let us play nice
And let us be together tonight
And let us be together tonight
And let us be together tonight
