

# Empire

## Of Monsters and Men

Feel the ocean as it breathes  
Shivering teeth  
See the mountains where they meet  
Smothering me  
As the wind fends off the waves  
I count down the days  
Heavy stones fear no weather I find comfort in the sound  
And the shape of the heart  
How it echoes through the chest  
From under the ground  
As the hills turn into holes  
I fill them with gold  
Heavy stones fear no weather And from the rain  
Comes a river running wild that will create  
An empire for you  
Illuminate!  
There's a river running wild that will create  
An empire for you  
An empire for two And I paint your body black  
I hide in your hair  
And you're staring back at me  
Like I wasn't there  
As our bodies become stills  
We welcome the fear  
Heavy stones fear no weather And from the rain  
Comes a river running wild that will create  
An empire for you  
Illuminate!  
There's a river running wild that will create  
An empire for you  
An empire for two
