

Gold Dust

The Mispers

Born on thrones
Still I let you go
There's gold dust chipping off
gold dust chipping off

Choices in stones
Missing endepphones(?)
There's gold dust chipping off
gold dust chipping off

Acient homes
Think I've seen a ghost
There's gold dust chipping off
gold dust chipping off

Wounds they haunt
And never let you out
There's gold dust chipping off
gold dust chipping off

I'm just a man
Got this gold dust chipping off
gold dust chipping off

I'm just a man
Got this gold dust chipping off
gold dust chipping off

Born on thrones
Still I let you go
There's gold dust chipping off
gold dust chipping off

Acient homes
Think I've seen a ghost
There's gold dust chipping off
gold dust chipping off

I'm just a man
Got this gold dust chipping off

gold dust chipping off

I'm just a man
Got this gold dust chipping off
gold dust chipping off

All these favours
I would trade for the light of day
This foe in curtains
Still I'm felling just the same

I'm just a man
Coughing waves
Yearning taste
gold dust chipping off
gold dust chipping off

I'm just a man
Coughing waves
Yearning taste
gold dust chipping off
gold dust chipping off
