

# In My Mind

## Paris Avenue feat. Robin One

Make this moment last forever and a day  
Watching you drive by, not letting you drive away  
Can't you see me trying to wave you down tonight  
'Cause I need to see you one more time  
You'll be there in my mind, in my dreams you can hide  
And every night I'm gonna bring you back to life  
There in my mind, an Angel bathed in light  
Telling me every thing's gonna be alright if I can just fall asleep tonight  
Lonely is the feeling I can't comprehend  
So I'm skipping through the last page to see how this will end  
Can't you see me trying to wave you down tonight  
'Cause I need to see you one more time  
You'll be there in my mind, in my dreams you can hide  
And every night I'm gonna bring you back to life  
There in my mind, an Angel bathed in light  
Telling me every thing's gonna be alright  
Have you ever felt so helpless  
When the walls built to protect us, suddenly are gone  
And you hate everything that's breathing  
The life you're used to cheating, has finally caught on  
You'll be there in my mind, in my dreams you can hide  
And every night I'm gonna bring you back to life  
There in my mind, standing just to my right  
Telling me every thing's gonna be alright yeah every thing's gonna be alright  
Oh I know every thing's gonna be alright if I can just fall asleep
