

# Born To Die

## Butterbeans

Open up my eyes  
Release me  
I can't believe  
This is happening to me  
Born to live but sworn to die  
My body is warm, my fingers are cold  
I think they buried me alive  
I might have found, I lost my soul  
As the pages of my life unfold  
Opened up my eyes  
Release me  
Did I walk a long way?  
Today is finally owned me  
Twist a blunt, it's time to fly  
The cough is growing  
Your Microdots are flowing  
Oh my God, I'm ready to die  
Born to die  
(Born to die)  
Born to die  
Born to die  
(Sing together)  
Born to die  
I can't believe  
This is happening to me  
Born to live but sworn to die  
My body is warm, my fingers are cold  
I think they buried me alive  
I might have found, I lost my soul  
These are the pages of my life  
Born to die  
(Born to die)  
Born to die  
Born to die  
(Sing together)  
Born to die
