I'm drunker than a muthafucka, don't know what I'm saying
Purp on deck, my swagger right check
Got the money in my pocket 'cause them hoes on deck
I pop the mack, yeah I'm the man
I roll with bitches, you niggas ridin' in minivans
If you ain't got no money to all that's really sad
Got the girls outside the club weeping me in my Beam like wham

That girl got all that ass
Move to the left to the right when she pass
I make noise like a gun go blast
Drop down low and shake it fast
Who that girl with all that hair?
Got her back like she don't care
High heels on with her tattoo showing
Got a nigga just going when she see me scoping
I'm so fly when I'm up in da club
DAC get all the love
I buy, hold up, my hood, hold up
You really wanna get it 'cause
You hating I don't give a damn
I'm mister get it, get it man
Gotta club on smash, make it talk that ass
I'm a toss this cash in the air just like wham
