

Flutter

Heather Maloney

Flutter by day
Flutter by night
Flutter on a whim
Flutter on a plan
Flutter when you feel the time is right
Yeahhh

Flutter alone
Flutter with another
Flutter with a stranger
flutter with a lover
Oh it doesn't matter
Catch the wind and go
Yeah

Oh and only the lonely can hold me
I need someone who sees the space between the stars
Oh rainer Maria you know your desperately alone,
but you're a butterfly.
Free and whole against the sky
Ooooooh
Ooooooh yeah yeah yeah

Flutter your grey
Flutter your gold
Flutter when your young
Flutter when your not
Flutter when you think you've grown too old
Yeah

Flutter like a heartbeat
Flutter like a flag
Flutter on a backroad
Flutter on a main drag
Oh it doesn't matter
Catch the wind and go
Yeah

Yeah and only the lonely can hold me
I need someone who sees the space b/w the stars

Oh rainer Maria, you know you're desperately alone,
But you're a butterfly
free and whole against the sky
Free and whole against the sky
Free and whole against the sky
a marina you know your desperately alone
but your'e a butterfly

Flutter by day
Flutter by night
Fly on a whim
Flutter on a plan
Flutter when you feel the time is right
Ooooooh
Ooooooh yeah yeah
Ooooooh
Ooooooh
Ooooooh
Ooooooh
