

Hasta La Vista

Camp Rock

Couldn't wait to leave but now I have to go
Last day of camp, packing my bags slow
Made so many friends why does it have to end
In the end it's a win because we grown so close together Remember when we first met, first day
Figured this would be no fun, no way
And now it time to leave, but now we wanna stay
Stay, stay, stay, stay, stay Hasta la vista, I'm gonna say goodbye to you
Whatever happens I'll be cool with you
Wanna give me your number, I'm a call ya
Promise I won't forget ya Hasta la vista, we'll all be going separate ways
Say everything you didn't say
This is your moment before you go
Come on now, get up and show them Keep doing your thing, thing, thing
Keep doing your thing, thing, thing
And I'mma do my thing There's so much inside of me
There's so much more I just want to be
All the things I've seen obviously I'm inspired
Got love for all the friendship I've acquired Everybody put a hand up, put a hand up
Hey, hey, hey
Everybody put a hand up, put a hand up
Hey, hey, hey Hasta la vista, I'm gonna say goodbye to you
Whatever happens I'll be cool with you
Wanna give me your number, I'm a call ya
Promise I won't forget ya Hasta la vista, we'll all be going separate ways
Say everything you didn't say
This is your moment before you go
Come on now, get up and show them Keep doing your thing, thing, thing
Keep doing your thing, thing, thing
Keep doing your thing, thing, thing
Keep doing your thing, thing, thing H A S T A la vista
H A S T A la vista Hasta la vista, I'm gonna say goodbye to you
Whatever happens I'll be cool with you
Wanna give me your number, I'm a call ya
Promise I won't forget ya Hasta la vista, we'll all be going separate ways
Say everything you didn't say
This is your moment before you go
Come on now, get up and show them H A S T A la vista
H A S T A, hasta la vista
