

Carved Inside

Soulfly

[Incomprehensible]Carved inside, carved outside

Scream at the sky, forever fight

My peace of mind, I got to find

True peace of mind, so hard to find

Now

I feel your soul inside

Now

Carved inside

They try to bring us down

We're growing all around

Inside you must be free

To find your destiny

Lose yourself

Find yourself

Nothing to prove

To nobody else

Now

Feel your soul inside

Now

Carved inside

My life is mine

My right is mine

Your eyes petrified

Fire from inside

Carved inside, carved outside

Feel your soul glow, in the sky

Let your soul now, move the world now

Feel your soul now, let your soulfly

You must change from

Inside out

You fall, we rise

Inside out

You must change from

Inside out

You fall, we rise

Inside out
