

Lead Me

Martyr Man

Oh no no no no no
Lately something's come over me
I once was blind, oh but now I see
A power flowing through my soul
 Giving me control
 Making me feel whole
[chorus]Lead me, all through the days I go
 I need you all through my life I know
 All my life I felt that i
 Would rise above and reach the sky
 All I needed was a helping hand
 And there you were
 For me once again
 [chorus]
 (I need you in my life)
 (I need you)
 Now I can thank you
 For showing the way
 Keeping me strong
 Every day
 All because of you
 I can do anything
 Lead me home
 Lead me home
 Please don't leave me
 Don't go away
 Cause I need you today in my life
[chorus 2x]Cause I need you today in my . . .
