

# Don't Pray and Worry

J. Moss

[J moss laughing] Whew, come on let's keep it going

He knows all that's before you  
He will never neglect His child  
Nor will ignore tears in your eyes  
Lay your cares to rest

[Chorus:]

The righteous won't be forsaken  
Just hold to your faith  
And His word will be manifested  
Be steadfast and don't fear  
Don't pray and worry

Why is it that we will spend time  
going to church but don't understand why  
Why we must pray  
And then believe  
Things we pray for will soon be received

The prayers of the righteous availeth much  
Be not weary in well doing  
God of Heaven can do anything  
Lay your cares to rest  
For the righteous

[Chorus]

He who holds the future  
Also rules this land  
And responsible for each breath we take  
Just pray and then leave it there  
Pray and then leave it there

Maybe you've lost all hope  
And can't see past tomorrow  
Speak His word into your life  
And stand on His promise to you

[Chorus x2]

---
