

# Bottle It Up

Sara Bareilles

I do it for love, love, love, love  
I do it for love, love, love, love There'll be girls across the nation that'll eat this up  
Babe, I know that it's your soul but could you bottle it up?  
And get down to the heart of it, no, it's my heart  
You're straight out of your luck don't make me tell you again  
My love love love love, love love love love I am aiming to be somebody, this somebody trusts  
With her delicate soul, I don't claim to know much  
Except soon as you start to make room for the parts  
That aren't you, it gets harder to bloom in a garden  
Of love, love love love, love love love love Only thing I ever could need  
Only one good thing worth trying to be And it's love, love, love, love  
I do it for love, love, love, love We can understand the sentiment you're saying to us  
Oh, but sensible sells, could you kindly shut up?  
And get started at keeping your part of the bargain  
Aw please, little darling, you're killing me sweetly  
With love, love love love, love love love love Only thing I ever could need  
Only one good thing worth trying to be And it's love, love, love, love  
I do it for love, love, love, love Started as a flicker, meant to be a flame  
Skin has gotten thicker but it burns the same  
Still a baby in a cradle, got to take my first fall  
Baby's getting next to nowhere with the back against the wall Meant to make me happy, make me sad  
Wanna make it better, better so bad  
But save your resolutions for your never New Year  
There is only one solution I can see here Love, you're all I ever could need  
Only one good thing worth trying to be And it's love, love, love, love  
(Only gonna get, get what you give away)  
(So give love, love)  
I do it for love, love, love, love  
(Only gonna get, get what you give away)  
(Love) Only gonna get, get what you give away  
(So give love, love)  
Love, love, love, love  
(Only gonna get, get what you give away)  
(Love)
