

Won't You Come Over

Devendra Banhart

I used to live alone, but I found you, so certain
Im yours to take
Now I cant wait for all the mistakes
Weve yet to make Now shake it up, baby, twist and shout
Were war-torn buildings, all bombed out Love, not unlike
I got drunk, pissin the night away
Love, not unlike Wont you come over and love me?
Wont you come over again?
Can you overcome the unnerving
Ossifying body youre in? I used to live alone just counting the pretty little flowers on my dress
I cant wait to consecrate this wondrous mess Words unforgotten til we sing again
Start at the bottom, and then we descend Love, not unlike
Little joy in/around no more
Love, not unlike
I am woman, hear me roar
Love, not unlike
Larry Lemon, sanctified
Love, not unlike Wont you come over and love me?
Wont you come over again?
Help me overcome the unnerving
Ossifying body Im in I ask all the time
But you never tell me
What have I got to do, to make that man want me? What have I got to do (Lovin you is makin it easy)
To make that man love me (Lovin you is makin it up)
What have I got to do (Lovin you is makin it easy)
To make that man want me? (Lovin you is makin it up)
What have I got to do (Lovin you is makin it easy)
To make that man love me (Lovin you is makin it up)
What have I got to do?
