

# Hook, Line And Sinker

## Roomful Of Blues

The bait, the prey, the mice  
Debate the method of demise  
Debate your high, I'll lie beside you  
Walk you down and lay the beat beneath your bedBeneath the dead  
Debate the method in your head  
Chemical misanthropy  
Saving you from blameI'll stand below you  
Lift you up, increase the pain  
I'll stand below you  
Lift you up, increase the painI wanna see you  
Hear your voice, regret the choice  
Rejoice in watching you collapse  
Destroy the map  
Falling headlong into the gapSwallow poison, swallow the bait  
Swallow poison  
Swallow every word  
Said to free you from blameI'll stand below you  
Lift you up, increase the pain  
I'll stand below you  
Lift you up, increase the painI wanna see you  
Hear your voice, regret the choice  
Rejoice in watching you collapse  
Destroy the map  
Falling headlong into the gapThe hunter dying in his trap  
The hunter dying in his trap  
The hunter dying in his trap  
The hunter, deadSwallow poison  
Swallow the bait  
Swallow poison  
Swallow every wordHook, line and sinker
