

Let The Love Begin (Feat. Jerome John Hughes)

Kyla

Look at us, ain't it funny
It's just beginner's luck, maybe
Oh, with just a touch
Two different people
From such different worlds apart
Have touched each other's heart
Like candles in the dark
If it's time for us we gotta take it
Take the chance, the chance to make it
Now, let the love begin
Let the light come shining in
Who knows where the road will lead us now
Look at what we've found
Make this moment turn our hearts around
It may never come again, let it in
Let the love begin
Oh, here we are so close together
I can feel the fire start between us oh oh
We've come this far (we've come this far)
Too far to stop it now
If this is meant to be (it's meant to be)
A chance for you and me (for you and me)
We've found our destiny
Now we're looking at a new forever
Make this dream come true together
Now, let the love begin
Let the light come shining in
Who knows where the road will lead us now
Look at what we've found
Make this moment turn our hearts around
It may never come again, let it in
Let the love begin
Now, let the love begin
Let the light come shining in
Who knows where the road will lead us now
Look at what we've found
Make this moment turn our hearts around
It may never come again, let it in
Let the love begin
Let the love begin
