

# Strong (MYV "Exclusive" Version)

## MIYAVI

Ey yo, lets go cmon  
lets go cmon, lets go cmon, lets go cmon  
weve got no time to be down alone.  
See, the world still goes around the crowds a bounce  
dance on the ground.  
Cuz it dont matter if you are gon be gone or not.  
or not  
Now look at the man in the mirror.  
is he a winner? Or just a story teller?  
you are the only one who knows your errors.  
Embrace your memory, accept your history.  
No matter what, lets dive 3,2,1 set, go  
set, go.. set, go.. set, go..Be Strong  
all for your love  
all for your love  
all for your loveBe Strong  
all for your love  
all for your love  
all for your love  
all for your loveTho no escapin fate, im gon make my own frame  
Ready to face my point of break  
you mayve lost everything but you gained many things  
like the fact you are standin here  
yall got no time lets go.  
lets go. lets go. lets go. lets go.Be Strong  
all for your love  
all for your love  
all for your loveBe Strong  
all for your love  
all for your love  
all for your love
