

Live Those Days Tonight (Lone Remix)

Friendly Fires

Born too late to feel the golden age
Missed the rush, the lights of better days
You cut me down to size with wise words
And turn around
Gonna feel, gonna touch, gonna hold the things you had
Don't hold back
Won't feel the times you had
I can't touch your precious past
But I'll live, I'll live, I'll live
I'll live those days tonight
You claim your history
Is beyond a man like me
But I'll live, I'll live, I'll live
I'll live those days tonight
Face the ghost the keeps me on the ground
Take the best of what they talk about
In the cold outside we're waiting
To embrace the nights and pull it close
I'm gonna feel the love you had
Don't hold back
Won't feel the times you had
I can't touch your precious past
But I'll live, I'll live, I'll live
I'll live those days tonight
You claim your history
Is beyond a man like me
But I'll live, I'll live, I'll live
I'll live those days tonight
I live those days, live those dreams, like they're all mine
I hold them close inside
I live those days, live those dreams, like they're all mine
I won't let them hold me back
Won't feel the times you had
I can't touch your precious past
But I'll live, I'll live, I'll live
I'll live those days tonight
You claim your history
Is beyond a man like me
But I'll live, I'll live, I'll live
I'll live those days tonight
