Fascist Jock Itch

Skinny Puppy

This'll get on your nerves
War torn
Night harms right away
Decompose
??? featureless fear
Aryan yahoo
Mission sliver
Never saw sweet problems
Prison world
Carry your vast disease
Carry your vast disease
Victim of the world
??? climb
And the base fate
This week
Coming fate
Burning up ??? gas
Fix, fix, fix
Fear turning your spurning words
Withdrawal feeling burning turning furning fist
In the face
In the face
In the face
Heaven
In the face
In the flame
Normal destination
Normal destination
??? to forget
Better off dead
Better off dead
Aryan stillborn
Aryan yahoo
Pain
Real
Really fucking
Hey, over there
With your normal hair
With your normal place

You're fucked
Wait it out
Go away
???
Burning up in ??? gas
express ???
Acute
Then rest
What? Hahaha distortion ugliness
Walls torn
Nylon
Decompose
Not
??? in your brain
Nervous
Never caught
Waiting, waiting
Aryan yahoo you're baiting me
Go ahead
???
You're baiting is the same
Must remember not to become ???
??? overcome
Wider stigma
Confess go ???
What are you on, son
What do you mean
You become
Everything ??? cover
I'm alive
I'm alive
???
Aryan yahoo
What you gonna do
When you don't remember
Bastard using you
Force fed crackers
