

Covered in Cowardice

Billy Talent

Twisted tongues will place you in their category
Face to face you'll hear them tell a different story
Loose lips may sink ship, but honesty's forever
Eye's of envy try to cut and try to sever Cowards that hide behind their words!
Don't care whose feelings will get hurt
Beware the voice without a face
That's hidden underneath the Covered of Cowardice! (Can't you see them?!)
Covered of Cowardice! (Can't you hear them?!)
Beware the voice without a face
That's hidden underneath the
Covered of Cowardice! (Can't you see them?!)
Covered of Cowardice! (Can't you hear them?!)
Cowards that hide behind their words!
Don't care whose feelings will get hurt Their eyes are blinded by their rage
Beware the voice without a face When your insecure, they'll find the fuel to start a fire
They're bitter pricks with only hatred to inspire Level heads prevail, revenge won't make it better
Trust your instinct like you trust what's in the mirror Cowards that hide behind their words!
Don't care whose feelings will get hurt
Beware the voice without a face
That's hidden underneath the Covered of Cowardice! (Can't you see them?!)
Covered of Cowardice! (Can't you hear them?!)
Beware the voice without a face
That's hidden underneath the
Covered of Cowardice! (Can't you see them?!)
Covered of Cowardice! (Can't you hear them?!)
Cowards that hide behind their words!
Don't care whose feelings will get hurt Covered of Cowardice! (Can't you see them?!)
Covered of Cowardice! (Can't you hear them?!)
Beware the voice without a face
That's hidden underneath the
Covered of Cowardice! (Can't you see them?!)
Covered of Cowardice! (Can't you hear them?!)
Cowards that hide behind their words!
Don't care whose feelings will get hurt A voice without a face!
A voice without a face!
