Bad Habit

Sarah Darling

I wanna be your cigarette
I wanna linger on your breath
Be the taste you can't forget
And can't put down
Be the first thing on your mind
What you use to unwind
What you come back to every time
When you're put out
So light me up
And burn me downI wanna be your bad habit
A bad habit that's too hard to break
Just like air you gotta have it
I show up when your hands start to shake
When you're broken I can be your fixI wanna be your cigarette
Be the one that you can't quit
The one you call when you get lit and can't be alone
I wanna be your little secret
You can't help it you just need it
I wanna be the only weakness that you want
So light me up
And burn me downI wanna be your bad habit
A bad habit that's too hard to break
Just like air you gotta have it
I show up when your hands start to shake
When you're broken I can be your fixI wanna be your cigaretteBe the last name on your lips
Be the fire you can't put out
Just like a high that's in a kiss
I'll keep you from coming downI wanna be your bad habit
A bad habit that's too hard to break
Just like air you gotta have it
I show up when your hands start to shake
When you're broken I can be your fixI wanna be your cigarette
I wanna be your cigarette
I wanna be your cigarette
I wanna be your cigarette
