

# No Heroes, No Sinners (Acoustic)

## Firewind

I'm watching the mountains  
So high in their prime  
Like all of our brothers  
Defenders of time  
I stand by the river  
So innocent, divine  
Thinking there are no heroes  
Only vengeance and crimes Can't we see we are,  
Can't we feel we are  
Can't we try all as one  
Bonded flesh, bonded blood,  
bonded life in one sound There will be no more heroes  
Only a violent sky  
There will be no more sinners  
You could ask yourself why No heroes, no sinners No heroes  
Among killing fields  
No values no names  
Is there peace in the twilight?  
Is there an end to theses games? Can't we see we are,  
Can't we feel we are  
Can't we try all as one  
Bonded flesh, bonded blood,  
bonded life in one sound There will be no more heroes  
Only a violent sky  
There will be no more sinners  
You could ask yourself why  
Will we ever change?  
What do you want in exchange?  
Will we ever change?  
No heroes - no sinners - No heroes - No
