

# What Wanting Means

[Sean Watkins](#)

It's not my style to be so bold  
I've never been known to say such things  
But I've never had an ache like this take hold  
You taught me what wanting means  
yeah you taught me what wanting means  
Maybe I'm just another guy at your side  
Performing the same old tired routines (for you)  
But I can't stop trying and I can not keep quiet  
'Cause...It must have shown  
I'm sure you could tell  
I'm sure you know  
Cause it's hard to quell  
How when I'm with you baby  
I'm in heaven and hell
