

Amerika

Liima

The water makes you sick
America
The house across the street
America
You're holding on a rhythm
di-di-de - in America
The light across the street
in America
Deep in America
You're hoping, now
I'm hoping, we're
All hoping, let's
All hope - come on
I'm hoping, now
You're hoping, now
We're hoping now
I'm hoping for America
You are somewhere
Somewhere deep in America
I hope for you
Will I hope for you
I hope for you
