

Two Young Kids

Debbie Gibson

VERSE1:

Sitting at the table tonight
You look so beautiful
In the candlelight
And looking at her, looking at him
After fifty years

CHORUS:

I pictured you and I and candlelight
And we would look so beautiful
And two young kids
Would be wishing they were us

VERSE2:

Time it is a vision unclear
Blessed with adventure and full of fear
And looking at her, looking at him
Made it seem so easy

CHORUS:

You're looking natural in my eyes

We found life's wonderful surprise
And someday two young kids
Will be wishing they were us

BRIDGE:

Perfect love exists
I've seen it for myself
It's not kisses and moonlight serenades
It's two people holding on to happiness
Before it fades

VERSE3:

I just cannot be here without you
Darling what's this heart supposed to do
It's suddenly here crystal clear
You are the one

CHORUS:

I picture flowers and me dressed in white
And you and I and candlelight
And two young kids
Just wishing they were us
