

# On Rotation Moses

[Elvis Perkins](#)

I ring into zero  
'why you so long off darling?  
you're so right so  
right so rightAll lit up on the insides  
your eyes betray no nighttimes  
mirrors where the panes had been'O here I am again again  
here I am againRight on time  
on time  
on timeYou see I'm not the one I had thought  
a buzzard hovers high over the cops  
river rising robing the banks  
a life at large for filling the blanks{ Who can kill the ego?  
"That's easy: "No One""}Peter eat the meat of my  
purse and hail for the mountainside  
keep it under roses  
on rotation MosesO on rotation Moses  
on rotation Moses
