Get A Little Closer

Joe

Oh joe
Yes baby
It feels so good
Yes
Right here baby
Yeah god
Don't stop, don't stop, baby
Come a little closer
Come on girl, get a little closer
I want you, you want me
Come on girl, get a little closer
I want you, you want me
Can't control myself
Girl, you look so good
Smell like roses

Like I knew you would
The time has come
We waited oh so long
Let's quench this fire
That's been burning strong
I need your love baby
Girl, I need it bad
We'll take things slowly
We won't go fast
Let's let our bodies
Touching each other
Until the morning comes
Girl, you know I want you baby
I want you to learn, to be right by my side
I can't wait no longer
I've got to be with you
