# Always

## Marla Mase

Now is the time we must say goodbye
I have to go and fly
Please don't cry
Know I'll always be nearby
Like a cat on your window sill
Blade of grass up in that hill
If you look up at the trees that's me
Always

Now is the time to pass on the torch
It's your turn now to run the course
I just want to say
Before we go our separate ways

Hold still
Be kind
Speak your mind

Trust your gut
Open your eyes
And you'll find
Love always
Love always

Now is the time we must say goodbye
I have to go and fly
Please don't cry Please don't cry don't cry

Hold Still
Be Kind
Speak Your Mind
Trust your gut
Open your eyes
And you'll find
Love always
Love always
