

# Always

## Marla Mase

Now is the time we must say goodbye  
I have to go and fly  
Please don't cry  
Know I'll always be nearby  
Like a cat on your window sill  
Blade of grass up in that hill  
If you look up at the trees that's me  
Always

Now is the time to pass on the torch  
It's your turn now to run the course  
I just want to say  
Before we go our separate ways

Hold still  
Be kind  
Speak your mind

Trust your gut  
Open your eyes  
And you'll find  
Love always  
Love always

Now is the time we must say goodbye  
I have to go and fly  
Please don't cry Please don't cry don't cry

Hold Still  
Be Kind  
Speak Your Mind  
Trust your gut  
Open your eyes  
And you'll find  
Love always  
Love always
