Clothes Off!!

Gym Class Heroes

See here's the thingWe have to take our clothes off!
(So sexy!)
We have to party all night
We have to take our clothes off!
To have a good time, oh noExcuse me miss
I couldn't help but to notice how alone you are
I dig the attitude and how you acting like you own the bar
Got me flashing keys and I don't even own a car
Front like you ain't feeling my charm, because I know you areI'm trying to see how your lips feel
Oh I'm sorry, my name is Travee and I'm pretty much a big deal
Oh, you never heard of me, hmm, that sounds absurd to me
The way you stole my attention was flat out burglaryWhat do you say let's exit stage left so me and you can
Possibly reconvene and play some naked peek-a-boo?
'Cause after all, the blouse you're wearing is kinda see-through
And it's obvious I'm heading wherever you're leading me toSuch an angel with a devilish angle
I'm quite the certified sweet talker
And you're buying every line of it girl and I don't really blame you
If I was in your shoes I'd probably do the same tooWe have to take our clothes off!
(So sexy!)
We have to party all night
And we have to take our clothes off!
To have a good time, oh noNow here's another barn-burner for the slow learners
Put your helmets on and take a seat on the short bus
Next stop, right around the corner from your momma and them
No turning back so you better buckle upShit, don't be concerned with mine
I feel like a Speak and Spell way I got you learning my lines
Fine, pull the string, replay that shit
I change my name to, "Did he really just say that shit?"
YepI'll take a mile if you let me
Six-five, two hundred plus and so sexy
My leg's going numb from keeping my phone on vibrate
To hide the fact your girlfriend keeps textin' meAnd I've been tryin' to never mind it man
But every time I get a new number, she finds it, damn!
And you thought you had it sewn up
Until right around amazing o'clock when I showed upWe have to take our clothes off!
(So sexy!)
We have to party all night
And we have to take our clothes off!
To have a good time, oh noGot chicks, all hot chicks

Indie rock chicks, and hip hop chicks
Thin chicks, round chicks
Black, white, yellow and brown chicksGot chicks, all hot chicks
Indie rock chicks, and hip hop chicks
Thin chicks, round chicks
Black, white, yellow and brown chicksGood grief girl, you're giving me goose bumps
Standing there in your underwear and new pumps
It's like the more time we waste the less time I get to taste you
Honestly I could easily replace youIt's not a scam girl that's how I am girl
Peter Pan, I'm a sucka for Smucker's jam girl
It's clear I'm only here for good clean fun
Shut up and kiss me like the antidote's under my tongue, whoa!We have to take our clothes off!
And we have to party all night
We have to take our clothes off!
To have a good time, oh noWe have to take our clothes off!
(So sexy!)
And we have to party all night
We have to take our clothes off!
To have a good time, oh noGot chicks, all hot chicks
Indie rock chicks, and hip hop chicks
Thin chicks, round chicks
Black, white, yellow and brown chicksGot chicks, all hot chicks
Indie rock chicks and hip hop chicks
Thin chicks, round chicks
Black, white, yellow and brown chicks
