Beautiful

Immature

Chorus:
Your so beautiful
Beautiful to me
Your so beautiful
God sent you here for me

1st verse:
How could I have known my love for you
Would grow into something so beautiful
We started out as friends but now
My love to you I found
So sacred and so true
I promised all my love to only you

Your so beautiful
Beautiful to me
Your so beautiful
God sent you here for me

At night I pray we'll meet and always stay
And when I say 'I love you'
In a special way, hey hey
With this ring
Now walk wit hme down the aisle
Always faithful never untrue
I want to spend my life with only you

Your so beautiful
Beautiful to me
Your so beautiful
God sent you here for me
Your so beautiful
Beautiful to me
Your so beautiful
God sent you here for me

(Batman)
Let me break it down
Romeo, tell her how I feel

(Romeo)
I just love the way you make me feel
I just want to listen to the music

(Batman)
I just want to listen to the music
And think about your pretty smile

(Romeo)
I just think about you and only you
Your so special to me
I just love you
Please, don't you go nowhere
Just stay by my side

Your so beautiful
Beautiful to me
Your so beautiful
God sent you here for me
Your so beautiful
Beautiful to me
Your so beautiful
God sent you here for me
Your so beautiful
Beautiful to me
Your so beautiful
God sent you here for me
