

# We Came To Dance

## The Gaslight Anthem

We are the last of the jukebox Romeos  
We are romantics by the light of the four way  
We came to sing out a chorus, reinvent the good times  
And bring it all back home again Honey, we came to dance with the girls with the stars in their eyes  
Do the jump back, jack, stop and slide to the right  
Never break their hearts, never make them cry, come on  
Strike up the band, play a song that everybody knows  
If I'm not your kind, then don't tell a soul  
I'm not the one who hates bein' alone, so come on And in this unstable arena  
Of what's left or become of my America  
I'm askin' this dance so come take my hand, come on  
And in this unstable arena  
Of what's left or become of my America  
I'm askin' this dance so come take my hand, come on Honey, we came to dance with the girls with the stars in  
their eyes  
Do the jump back, jack, stop and slide to the right  
Never break their hearts, never make them cry, come on  
Strike up the band, play a song that everybody knows  
If I'm not your kind, then don't tell a soul  
I'm not the one who hates bein' alone, so come on And if they end it all  
By the end of tonight  
If the big bomb drops down  
Over this quiet Edison sky We'll blow one last kiss  
To all the beautiful nights like this  
Under this central Jersey sky Honey, we came to dance with the girls with the stars in their eyes  
Do the jump back, jack, stop and slide to the right  
Never break their hearts, never make them cry, come on  
Strike up the band, play a song that everybody knows  
If I'm not your kind, then don't tell a soul  
I'm not the one who hates bein' alone, so come on 'Cause you ain't never had a night on the town  
Like I can show you such a night on the town  
And you ain't never had a song you could sing  
Well it's a deep dark night and I hear you, I've been there And these are the songs that we sing  
Oh, these are the songs that we sing  
You've never seen a two-step  
Like when you've seen it from your mama's house Where the kids flash like lightning  
To the very best dancers around  
We learned from the very best dancers around  
We learned from the very best dancers in town

Come take my hand, cause mama, we came to dance
