

# Welcome to New Jersey

## X-Cops

Welcome to New Jersey It's late at night  
And you're far from home  
Your radio's on  
And you're driving alone Until a sign  
Looms from to gloom  
The words on that sign  
Are the words to your tomb  
It says New Jersey Shining lights  
Bloody face  
Rabid dog  
Can of mace  
He's from New Jersey Out in the woods  
You're cuffed to a tree  
The end of my gun  
Is the last thing you'll see I go through your wallet  
I take all your cash  
Your car I destroy  
Your body I smash My maniac urges  
I simply can't stop  
The funny thing is  
I'm not even a cop  
Welcome to New Jersey Shining lights  
Bloody face  
Rabid dog  
Can of mace  
He's from New Jersey Welcome to New Jersey  
I hope you enjoy your stay  
Welcome
