

# Beautiful

## Woven

Break you down  
Home is sound  
Let it all be so clear And you'll know  
Hope is sown  
In you crumbles Do you listen for your own beautiful  
Will you listen for you are beautiful  
I live to feel more  
I give to heal more Break you down  
Home is sound  
And I will come home Break you down  
Hope is sown  
And I will come home Break you down  
Home is sound  
And we could be done, be done Do you listen for your own beautiful  
Will you listen for you are beautiful  
I live to feel more  
I give to heal more Closer, trust me
