Whirlwind

Charlie Rich

Well, whirlwind of love, my darling
Whirlwind of love, my dear
Whirlwind of love will be
Just a hurricane from the seaWell, the whirlwind changed and it brought me love
Whirlwind caught a turtle dove
Took it from it's place so dear
Whirlwind come and a-bring me cheerWell, we had fun, lots of fling
Parties, dances and everything
Well, the whirlwind came and blew us apart
The whirlwind made a lonely heartWhirlwind of love, my darling
Whirlwind of love, my dear
Whirlwind of love will be
Just a hurricane from the seaWell, the whirlwind brought my love to me
Then it blew it back out to sea
Well, it brought me love that was oh so sweet
And then it knocked me off of my feetWell, whirlwind of love, my darling
Whirlwind of love, my dear
Whirlwind of love will be
Just a hurricane from the seaWell, raging storm don't let me crack
Blow my troubles up the rising sea
I hope it'll swing and soon come back
And blow my baby back to meWhirlwind of love, my darling
Whirlwind of love, my dear
Whirlwind of love will be
Just a hurricane from the sea
