

# Bleed

## Angel Dust

Frightened shadows  
Appear behind the light  
And the coldness seizes me  
A paralyzing pain catches me again  
Can anybody tell me what's going on?  
Another day is over see horror on the street  
The shadows gonna touch my heart  
A skeleton hand that bears all the grief  
Does lightly stroke my sleeping empathy Can I leave and close my eyes for one more night?  
Can I pay to be set free of all this pain that makes me bleed? Gotta meet the priest and ask for his help  
Will the collection heal my soul  
Can money clear the temple of prejudice and lies?  
Can I reach heaven and enter paradise? Can I leave and close my eyes for one more night?  
Can I pay to be set free of all this pain that makes me bleed? That makes me bleed Love and faith  
Future and hope never appear in their lives  
Has all guilt been payed by the death of Christ  
Or is there something to apologize? Can I leave and close my eyes for one more night?  
Can I pay to be set free of all this pain that makes me bleed?
