

# Must Be Dreamin'

Kevin Rudolf

I woke up reachin' for you, I was outta' breath  
I've been chasin' you around ever since you left  
Now I'm wonderin' if you're ever comin' back  
If you're comin' back, c-c-comin' back All I know is I need you  
After all those things that we've been through  
And there's nothin' in this world that I won't do  
For you to believe me, for you to believe me Now I know I must be dreamin'  
I close my eyes and you walk in  
Now I know I must be dreamin'  
I must be dreamin', I must be dreamin' again  
I must be dreamin' again Without you I just can't take it anymore  
All this time we had apart, what's it even for?  
Is this real you're finally knockin' at my door  
Knockin' at my door, whoa-oh-oh 'Cause all I know is I need you  
After all those things that we've been through  
And there's nothing in this world that I won't do  
For you to believe me, for you to believe me Now I know I must be dreamin'  
I close my eyes and you walk in  
Now I know I must be dreamin'  
I must be dreamin', I must be dreamin' again  
I must be dreamin' again, I must be dreamin' again Something's gotta give 'cause I don't wanna live  
Don't wake me up till the story ends  
If there's another night without you in my life  
Don't wake me up again Now I know I must be dreamin'  
I close my eyes and you walk in  
Now I know I must be dreamin'  
I must be dreamin', I must be dreamin' again  
I must be dreamin' again, I must be dreamin' again  
I must be dreamin' again Whoa-oh  
I, I'm dreamin' again  
I must be dreamin' again  
Yeah, I'm dreamin' again
