

# Weed out the Weak

## Asshole Adult

The cryogenic holocaust  
Slows the disease  
Give us all a taste of your miracle  
We're thirsty for your medicineThe hate burns in our eyes  
It's kill or be killed  
It's in the nature of the human races' weak mind  
To be exterminated by ourselvesJust stab their hearts for nothing  
Your greedy soul screams in envy  
Kill them all, release the anger  
Weed out the weak, you don't need themWeed out the weakExterminate the riff raff  
No one will miss you anyway  
Clean up the world with an iron fist  
Start the harvest of the deadThere's no room for the weakened mind  
There's no room for you  
There's a new religion coming around the bend  
And it's called fuck youJust stab their hearts for nothing  
Your greedy soul screams in envy  
Kill them all, release the anger  
Weed out the weak, you don't need themWeed out the weak, stab them all  
Weed out the weakJust stab their hearts for nothing  
Your greedy soul screams in envy  
Kill them all, release the anger  
Weed out the weak, you don't need themJust stab their hearts for nothing  
Your greedy soul screams in envy  
Kill them all, release the anger  
Weed out the weak, you don't need themWeed out the weak
