Zenith

Denzel Curry

[Intro]
Catch me, catch me [x6][Verse 1: Denzel Curry]
Catch me on the zenith, that's the only time you'll see 'em
Televised, paralyzed, also paraplegic
Sit yourself down, let us smoke up the ounce
Bounce till I'm leaking semen on your couch and then I'm out
Catch me on the zenith, from the Southern region
Federation is my motherfucking legion, we don't believe in
False prophets, fake gods and we never trust niggas
Two rules in my house, no shoes, no fuck niggas
Catch me on the zenith, fuck a TV screen, bitch, let it die
Look at your reflection, and ask "Who am I?"
I internally extinguish the evil so I look externally to a place I can see you and still
Catch me on the zenith, devastation several nations
Singing that my nation is the king, it's all praying on a better day
Bumping hay shit, days away
Day by day, night by night, no I in no sight
Catch me on the zenith like I'm Hercules and Xena
Or Trick Daddy or Trina with the victims of Katrina
When the levees broke, there was never hope
Turn the safety off, I'm out the door
'Bout to make some dough, on a lighter note
Catch me on the zenith getting jailed for misdemeanors
That's until I change the channel to an afternoon [?]
On the TV screen, before my very eyes, I know that revolution will never be televised, but[Hook x2]
Catch me on a zenith, catch me on a zenith
Catch me on a zenith, catch me on a zenith that's the only time you'll see 'em, nigga[Verse 2: Joey Bada$$]
