

# Dog Food

## Iggy Pop

I'm hanging around that same old scene  
My girlfriend Betsy, she's just fourteen  
There's nothing better for me to do  
I'm living on dog food  
So what? Dog food is so good for you  
It makes you strong and clever too  
Dog food is a current craze  
Eat some every day  
Hey play Dog food, dog food I chew up my Sunday mirror  
I read about the rich I fear  
Dog food is my whole life  
Dog food composes my wife  
([Incomprehensible]) Dog food, woof woof woof  
Dog food, dog food, dog food
