

# Wine, Women And Song

Loretta Lynn

While I'm at home a workin'  
And a slavin' this way  
You're out of misbehavin'  
Spendin' all of your pay  
On wine, women and song While I'm a makin' bed  
You're out a makin' time  
You robbed my piggy bank  
And spent my last thin dime  
On wine, women and song Well one of these nights  
You gonna come home  
You find it's comin' home to you  
You see what you've done  
And what's good for one  
It's also good for two When you're in the doghouse  
With the mangy old pup  
You may start to thinkin' and a givin' up  
Your wine, women and song Well one of these nights  
You gonna come home  
You find it's comin' home to you  
You see what you've done  
And what's good for one  
It's also good for two When you're in the doghouse  
With the mangy old pup  
You may start to thinkin' and a givin' up  
Your wine, women and song
