Pecan Pie

Satanic Surfers

oh what i would give for a good cup of coffee
and some pecan pie at that cafe in Guelph
i know a really good record store along the way
but i'm keeping that to myselfoh i've been home for too long
i'm fed-up with myself and my daily routine
and though i know i miss you
it's gonna be nice
to get back on the road againwe're going to new places meeting new people
familiar faces in the cities we have played before
take a detour to the record storeit's going to be nice
to get myself some pecan pie
