Little Pretty

Otis Stacks

Hey girl don't talk that way
You're worth more than you know
You can do anything you want, as long as you follow through
I know your daddy told you
Your teacher did the same
They told you that you have to fit
But you don't fit that frameHey Now, look around
Everybody see what's going down
You're an artist and I love you from your head to your toes
You're different and you're perfect to meI said Hey Now, look around
Everybody see what's going down
You're an artist and I love you from your head to your toes
You're different and you're perfect to me
Hey, girl, don't think that way
You're more than you can know
It's not your beauty that I'm vibin' on
It's your creative soul
You see things so differently
You open up my mind
You think that you're so dull and drab
But baby girl you shineHey Now, look around
Everybody see what's going down
You're an artist and I love you from your head to your toes
You're different and you're perfect to meI said Hey Now, look around
Everybody see what's going down
You're an artist and I love you from your head to your toes
You're different and you're perfect to me
Even since you were born babe
And I held you in my arms I knew
I knew you were perfect and beautiful
I love your creative soul
I just wanna help you
I just wanna help you
I just wanna hold you I wanna help you rule
(One, Two!)Hey Now, look around
Everybody see what's going down
You're an artist and I love you from your head to your toes
You're different and you're perfect to meI said Hey Now, look around
Everybody see what's going down

You're an artist and I love you from your head to your toes
You're different and you're perfect to meI said Hey Now, look around
Everybody see what's going down
You're an artist and I love you from your head to your toes
You're different and you're perfect to meI said Hey Now, look around
Everybody see what's going down
You're an artist and I love you from your head to your toes
You're different and you're perfect to me
