

# Autumn Tactics (The Thrillseekers Remix)

## Chicane

Deep river runs it's course to a warm horizon  
Shadows of falling leaves  
October moon and rusty skies, ever changing feelings  
The seeds of autumn in my mindThe hiding sun, like the hiding sun  
Feels like it's just begun  
The hiding sun, like the hiding sun  
Waiting for summer sunHiding summer's age no more  
No more leaves in summer sky  
Turning dark on empty carlots  
When summer was my only friendSail back this way again  
Winter's one breath away  
Sail back this way again  
Winter's one breath away  
It's turning coldLike the hiding sun, like the hiding sun  
Feels like it's just begun  
The hiding sun, like the hiding sun  
Waiting for summer sunThe hiding sun, like the hiding sun  
Feels like it's just begun  
The hiding sun, like the hiding sun  
Waiting for summer sunThe hiding sun, like the hiding sun  
Feels like it's just begun
